## ...and the votes are in!

After a lengthy, expensive, and spirited campaign season, the new club officers have been elected. Oh wait, this wasn't the national political race. Most club positions were unopposed as a few brave souls stepped up to help keep the ship afloat. Congratulations and thank you! Our thanks also go out to the previous volunteers who have served over the last two years.

John C. is researching the 1/72nd scale dioramas for the Warhawk Air Museum.

It was proposed that we model Henderson Field on Guadalcanal during the WWII Pacific campaign.

# Welcome to 2012

*It's the End of the World as we know it, and I feel fine!* (R.E.M.)

The last New Year's Day in human history has come and gone and we are now on the final year as we know it. The Maya predictions, biblical prophecies, astronomical prognostications and *Nostradamus* have predicted it so it must be. December 21, 2012 the last day. So if you haven't finished your models you better get on it, procrastination is going nowhere this year.

But as another song that I love from **John Gorka** goes

*I'm from New Jersey  
I don't expect too much  
If the world ended today  
I would adjust*

SO, with a massive vote of indifference I take over the office of President IPMS Boise. But since that doesn't have the panache I wanted (No Ian, not the Moose or Deer Antlers panache but the Flamboyant manner and Reckless Courage panache.), I was thinking of changing the title after all I'm the Prez! I went through lots of possibilities many from my roots, Caesar D'Andrea, Il Duce!, Caput Mundi D'Andrea, Emperor of the Realm,

Malvagio Dittatore' or maybe just the Jersey Da Boss. But none seemed to have the ring I was looking for. I bounced off some other ideas in my head as well, Illustrious Leader, Evil Overlord, Gracious Dictator, Grand Poo-Bah, Number 1 (Make it so)... Nah, not right either I think I'll stick with just plain old Jeff.

I do look forward to serving and hope to mostly focus on keeping up the quality of the meetings, providing ways for members to increase their skills and learning, and continuing to encouraging socializing and opportunities to have fun. I have been a member of this club for 6 years (My First in any Model club). I appreciate the association with such a talented, diverse and fun group of individuals (if not somewhat quirky, eccentric and peculiar ☺) I have learned a lot and increased my own modeling skills through this association. I hope we can continue that for others and get some of those who are on our records back to our meetings. Let's have a great year... After all, it is our last.

**Jeff D**

*PS.... I have no unique name for this section, response for titles greatly appreciated.*
